### **What is MOUSE Squad Summer Academy?**

**Geek Squad Summer Academy is a fun-filled week of learning for teenagers (14-18) interested in technology.** During the 4 day event students will experience a wide assortment of computer based subjects while having fun playing with technology. Geek Squad Agents will teach students the basics of networking, multimedia, internet use and computer hardware through hands-on, interactive learning.

### **CLASSES**

- |                          |  |
|--------------------------|--|
| <b>PC Build:</b>         | <b>Learn computer hardware skills, practice building computers</b>   |
| <b>WEB Wizards:</b>      | <b>Explore the Internet, gain awareness of Internet security, safety and ethics and develop a Junior Agent "website"</b>                   |
| <b>Networking:</b>       | <b>Lay the groundwork for setting up and managing a computer network</b>   |
| <b>Multimedia:</b>       | <b>Experiment with digital imaging, digital video, podcasting, streaming video and other multimedia recording and storytelling devices</b> |
